JhocsonResidence, MF JhocsonStreet, Barangay 538, Sampaloc, Metro Manila, Philippines
Deca Grandvale 3 San Felipe, Naga City, Camarines Sur, Philippines

TECHNICAL SKILLS

Languages: Java, C++, JavaScript, SQL, HTML, CSS

Technologies: React, JavaFX, Bootstrap, MySQL, SQLite, Git/GitHub, VS Code, Figma, AWS, Trello, Kanban, Cisco Packet Tracer, Microsoft 365

EXPERIENCE

Salesforce Intern

Mar 2025 – May 2025

The SmartBridge

- Completed core Trailhead modules and hands-on training in Salesforce CRM, Data Modeling, Declarative Automation, Apex, Visualforce, and Lightning Web Components (LWC).
- Developed a capstone project implementing end-to-end Salesforce solutions including custom data models, automated workflows, and Apex triggers to improve customer service and inventory management.
- Earned multiple Trailhead Superbadges demonstrating applied expertise in flows, process automation, approval processes, and developer best practices.

AWS Cloud Curriculum Intern

Oct 2024 – Mar 2025

Accenture Academy Technology

- Completed AWS Academy's full curriculum on Cloud Foundations, Development, Operations, and Architecture.
- Configured and launched EC2 instances, S3 buckets, IAM roles, and Lambda functions as part of lab-based, scenario-driven exercises simulating real AWS deployments.

PROJECTS

English Immersive Environment Program Implementation Management System

ReactJS, Laravel, MySQL, Figma, Git, Trello

- Led front-end development by creating user flows and high-fidelity wireframes in Figma, implemented using reusable ReactJS components.
- Worked collaboratively with the backend developer to ensure a cohesive and efficient system.
- Led project management, requirements analysis, system design, full-system testing, and refinements following the SDLC; managed QA, debugging, and progress tracking via Agile Scrum sprints.

Barangay Household Record System

Java, JavaFX, SQL

- Collaborated with a team to develop a Java desktop application that allowed barangay personnel in Dasmariñas, Cavite to manage resident profiles, households, and civil statuses digitally.
- Designed and Developed a secure login system with CRUD features and a dedicated module for managing senior citizen data.
